### Welcome To Flanca Life Sciences

We at Flanca Life Sciences promise to continuously nurture the organisation by delivering the best quality medicines, at the most competitive prices. We fully understand the importance of product quality on patient safety and are completely committed to it. We are the manufacturers and supplier of formulated products comprising of Tablets, Capsules, Injections, Ointments and Health Supplements, based at Chandigarh. The owner is a Chemical Engineer having more than 25 years of expertise in drug industry. Flanca Life Sciences is a quality driven organisation and is fully committed towards providing reliable, safe and high quality medicines, at an optimum cost. The entire range of products is processed using predetermined, high quality

ingredients and with latest technology machines. Each product is subjected to stringent testing as per the approved manufacturing formula, using predefined and approved test methods. The analytical results, thus obtained, are compared against predefined set of specifications and products are released, only if they meet all the specifications and laid down requirement of cGMPs. The released products are then received from the factory and stored at the warehouse, in the specified conditions, ensuring efficacy till their entire shelf life. Flanca Life Sciences is committed to bring differentiated and innovative, top quality products, for providing novel cure of prevalent diseases.

The company has decided to appoint distributors (PCDs) all over India and support them through good quality products, with timely deliveries. This is being backed up with adequate stock management, so as to efficiently deliver the products as per customer requirement. Customer satisfaction is a key focus area for us. We are sure that Quality of our products, Competitive pricing, Client centric approach and On-time delivery of products will continue to help in achieving maximum customer satisfaction. We are committed towards the product needs of our clients and are adequately geared up to add more products, based on the business case.
